BABY EVERGREENS

During the month of April, we will stock Evergreen Transplants, mostly 3 and 4 years old, and from 10 to 15" tall. Spreading types are about 8 to 12" across. The following are some of the varieties available.

Spreading Taxus Yew

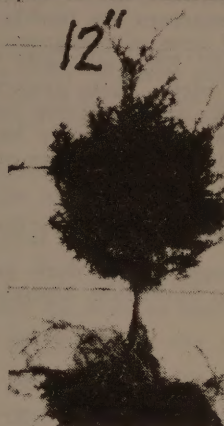

Hicks Upright Yew

Capitata Upright Yew

Globe Arbor Vitae

Pyramidal Arbor Vitae

Spreading Juniper

Andromeda

Greek Juniper

White Spruce

Colorado Blue Spruce

Golden Plumosa

PRICE — 69c EACH
10 for \$5.95

AZALEAS

Our Azaleas are grown in Connecticut and are as hardy as any available. We have over 2,500 ready with many different colors.

Prices— 6" to 8" Spread, red, pink, white	\$1.00
10" to 12" Spread, all colors	2.00
12" to 15" Spread	3.00
12" to 18" Tall, Mollis varieties red and yellow	4.00

RHODODENDRONS

Hybrid Rhododendrons are one of the most beautiful flowers that you can plant near your home. We offer a number of varieties—colors—and sizes. These can not be mailed so it is necessary to come and pick them up. We are listing only our sizes and prices. Pick the colors from varieties available. Usually the pink and purple colored varieties are hardier and do better than the red or white varieties.

9" — 12" Seedlings (Color not guaranteed)	90c
12" — 15" approximate size	\$2.50 to 3.00
15" — 18" or larger, with ball of earth — mostly	5.00

HOW TO PLANT EVERGREENS

(1) Dig hole a foot larger and deeper than ball of earth. Provide good, loamy top soil to fill around ball.

(5) Fill hole with soil. Pack with loose earth, or a humus mulch. Peat moss or other humus generously incorporated through the fill back soil will encourage root growth.

EVERGREENS

This list is prepared to give you an idea of our varieties, sizes and prices. However you must see this stock to really appreciate the quality. All evergreens are freshly dug, either from our own 30 acres of evergreens or from other local nurseries. Each tree will have a firm, well-tied ball of earth. Trees grown in this area, dug by men who make nursery stock their year round business, and properly handled, give you lots more value and assurance of satisfactory results.

TAXUS OR YEWS

The best all around ornamental. Stays dark green year round, good for sunny or shady spots. Available in Spreading, Upright Square (Hicks), or Pyramidal (Capitata)

Price	12 — 15"	\$2.50	SPECIAL
	15 — 18"	3.50	While they last
	18 — 24"	5.00	10—12" Spreading \$1.25

ARBOR VITAE

Fairly fast growing, hardy. Globes require no trimming. Americans and Pyramidal are good for screening.

GLOBES	10 — 12"	\$2.00	TALL TYPES	2 — 3'	\$3.00
	12 — 15"	2.50		3 — 4'	4.00
	15 — 18"	3.00		5 — 6'	6.00
(When available)					

JUNIPERS

Good hardy ornamental. Gives a variation in color to plantings. Tall types may require spraying. Spreading type. Andorra (prostrate) Pfitzer (low); Hetzi (Blue Pfitzer, medium low).

12 — 15" \$2.50 15 — 18" \$3.50 18 — 24" \$5.00

Greek (round), and Irish (tall type) priced according to size.

ANDROMEDA

Japonica. Beautiful broad leaf evergreen. Maximum growth 6' tall, 3' wide. White hanging flowers early in spring.

12 — 15" \$3.00 15 — 18" \$4.00. Larger sizes priced as to size.
DWARF or Mt. Andromeda. Max. growth 2 — 3'. 12 — 15" \$4.00

SPRUCE

Beautiful ornamental for yard planting.

White Spruce 2 — 3' \$3.00. 3 — 4' \$4.00.
Colorado Blue Spruce 2 — 3' 5.00.

OTHER TYPES

HEMLOCK—Good for any purpose. 12—15" \$3.00. 18—24" \$4.00. 2—3' \$5.00
LAUREL — Heavy Clumps 2.50
BIOTA — Golden 12 — 15" 3.00
LEUCOTHOE — Broad leaf evergreen 15 — 18" 3.00
SQUOROSA — K & C 18 — 24" 4.00
MUGHO PINE — 12 — 15" 4.00

Plus many other kinds and sizes not listed.

NEW GARDEN CENTER

A brand new modern Garden Center will be open about April 1, 1963, to better serve you.

Located at Ledyard Center, just two miles from the old location on the hill, the new Garden Center will do the following:

1. Better Parking facilities for your convenience.
2. Larger display areas for Nursery stock, roses, etc.
3. Larger Garden Store to display the many other garden needs.
4. Large Fertilizer shed for fast efficient handling of heavy fertilizers, peat moss, etc.

Please stop in and browse around. We hope that you will feel just as much at home here as at the old location.

HOURS

Starting April 1 through the summer season, our hours will be as follows:

Monday through Friday	9 A.M. until 8 P.M.
Saturday	9 A.M. until 6 P.M.
Sunday	1 P.M. until 6 P.M.

You are cordially invited to browse through our Garden Center at any time. Many items will be on display which are not listed here

OUR FARMS

We operate four farms located in various parts of Ledyard and Preston.

Growing on these farms are nearly one hundred thousand Evergreen trees of various sizes, thousands of Shade trees and many flowering shrubs, Azaleas, Rhododendrons, etc.

About 60,000 White Spruce trees are being grown for Christmas trees for the years to come.

About 15 acres of Strawberries will be ready for harvesting this June, which will be sold on a pick-your-own basis.

We also grow between three and four thousand Chrysanthemums yearly, which are sold at our Garden Center during September and October.

The fact that such a high percentage of our stock is grown here assures you that you will get hardy varieties and trees acclimated to our climate.

LANDSCAPE DEPARTMENT

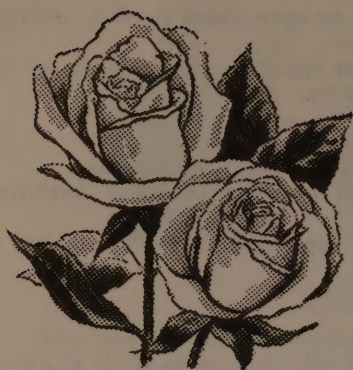

Our Landscape Department specializes in the planning and planting of Evergreens and Ornamentals at homes, schools, public buildings, parks and business establishments.

On appointment only, our salesman will call at your home to suggest varieties of Evergreens and Trees which will give lasting beauty to your home. These plantings will continue to increase in beauty and value as the years pass. Our salesman will be able to quote you on prices for these trees planted at your home. Available to the Landscape Department also are large shrubs and evergreens which are not quoted here.

Each planting crew will be in charge of a trained foreman so that you can be assured that each tree is correctly planted.

Plantings are done in the same rotation as we receive definite orders. We cannot guarantee to do plantings as soon as orders are received because of previous commitments.

Office hours — Our landscape designer salesman plans to be at the Garden Center office each Friday afternoon.

Everblooming

ROSES

2 YEAR FIELD GROWN

There is no other flower which will respond so well to extra care as the rose. We carry at our Garden Center a full line of needs for the rose fancier such as: Peat moss, pulverized manures, rose fertilizers, rose dusts and sprayers and dusters for every sized rose garden.

CLIMBING ROSES — 95c

Climbing roses throw blooms only from the one year wood, and therefore will not bloom in any quantity during the first year. Climbing roses are very hardy and, once started, will last for many years.

Cli. Mrs. DuPont—yellow

Cli. Caledonia—white

Cli. Blaze—red

Cli. Dr. Nicholas—pink

New Dawn—everblooming pink

Paul's Scarlet—red

Cli. Talisman—two-tone

PATENTED CLIMBERS

ALOHA — Pillar type, pink	\$2.50
CRIMSON GLORY — rich crimson	2.75
CLI. PEACE — yellow pink	2.50
GOLDEN SHOWERS — daffodil yellow	2.50
CLI. BLOSSOMTIME — pink	2.50
CLI. DON JUAN — deep red	3.00

FLORIBUNDA ROSES

Floribunda roses grow from 3 to 4 feet tall, about the same height as the tea roses but blooms are all in clusters. As a rule, the stems of floribundas are shorter than tea roses, and so not as good for cutting but the masses of bloom make them excellent for effect in your garden. All will bloom this year.

PATENTED FLORIBUNDAS

FASHION—coral and gold ..	\$2.00	RED PINNOCCHIO — deep	
GOLDILOCKS—golden yellow	2.00	carmine	2.00
GOLD CUP — rare golden yellow		VOGUE — coral pink	2.00
low	2.00	GOLDEN SLIPPERS — orange	2.50
IVORY FASHION — ivory ..	2.00	CIRCUS — multicolor	2.50

 The Doctor — pink
 Rex Anderson — white
 Mary Margaret McBride — pink
 Charlotte Armstrong — red
 Lowell Thomas — yellow
 Mirandy — dark
 Peace — yellow

SPECIAL — This year all our patented roses will be trimmed, potted, and ready to grow at no extra cost to you.

GRANDIFLORA ROSE

The Grandiflora Rose is a newly introduced class. The plants are relatively tall and are free flowering. They often flower in clusters with each individual stem being long enough for cutting. The size of the flower is not as large as the Hybrid Tea, but larger than the Floribunda.

Pink Parfait	\$3.00	Cherry Glow	2.75
Queen Elizabeth — delicate pink	2.50	John J. Armstrong — red	3.50
		1962 AARA Winner	

HYBRID TEAS

These bushes grow 3 to 4 feet tall, produce single flowers this year on long stems.

AMERICANA — new red	\$3.00
ARLENE FRANCIS — yellow	3.00
CHRISTIAN DIOR — scarlet red (1962 AARA winner)	3.50
CHRYSLER IMPERIAL — scarlet red	2.50
DIAMOND JUBILEE — buff yellow	2.25
GARDEN PARTY — ivory and pink	3.00
HAWAII — orange blend	3.00
MOJAVE — orange	\$2.75
NEW YORKER — velvety scarlet	2.50

STERLING SILVER — silver lavender	2.50
TROPICANA — orange-red 1963 AARA Award	3.50
WHITE KNIGHT — satin white	2.75

In addition to the above listed roses, we will have about 25 more varieties available in smaller quantities mostly at \$2.00 each.

Flowering Shrubs

We will start the season with a good supply of the following flowering shrubs. They will be potted in tar paper pots which should be removed before planting. Most shrubs are from 2 to 3 feet tall.

- ALMOND — small pink flowers, early.
- ALTHEA — double rose red, double rose violet, double white, double white with pink center — late summer.
- BEAUTY BUSH — pink bells — June.
- BLUE HYDRANGEA — Nikko — a new variety — \$1.50 and \$3.00.
- BLUE MIST — light blue flower.
- BUDDLEI — late summer blooms — purple, pink, red.
- *CORALBERRY — pink flower — red berries late fall.
- *COTONEASTER — *Horizontalis*—very low growing—red berries—fall—\$1.50.
- DWARF DEUTZIA (*Gracilis*)—white — early summer.
- DEUTZIA — Lemoine — Taller growing white.
- ENKIANTHUS — for fall color — \$2.50.
- EUONYMOUS—*Alatus* (Firebush or Wingbark) bright red leaves in fall—\$1.50 and \$3.00.
- FORSYTHIA — Lynwood Gold — yellow bells in spring.
- HANSON'S BUSH CHERRY — fruit, flowers.
- HYDRANGEA A. G. — white snowball type flowers in summer.
- HYDRANGEA P. G. — white flowers with pinkish tinge in fall.
- HYDRANGEA — Domotei — pink — \$1.50.
- HYPERNICUM — Hidcote — yellow summer flower — \$2.00.
- HYBRID LILACS — double white, blue, purple, lilac red, pink — \$1.50.
- LILACS, common—white and purple—will make heavy clumps—\$1.00 and \$2.50.
- MOCK ORANGE (*Philadelphus*)— double, very sweet.
- POTENTILLA — nice yellow flowers.
- *PYRACANTHA — beautiful orange berries — 2-3 ft. — \$2.00.
- *JAPANESE FLOWERING QUINCE — red flowers — \$2.00.
- SMOKE TREE — purplish bloom — \$1.50.
- *SNOWBERRY — pink flowers — white berry.
- SPIREA — Pink Anthony Waterer.
- SPIREA VAN HOUTTEI — Bridal Wreath — small white flowers — early.
- SWEET-SHRUB — chocolate flowers — spicy fragrance.
- VARIEGATED LEAF DOGWOOD — Beautiful leaves, no flowers.
- *VIBURNUM CARLESI — sweet pink snowballs, B&B — \$3.50.
- VIBURNUM TOM. PLICATUM — Jap Snowball — \$1.50.
- WEIGELIA — red, pink — bell shaped flowers — early spring.
- 3-IN-1 ALTHEA — \$3.00.

Price: Each \$1.00, unless otherwise marked.

* Denotes berry-bearing shrubs liked by many birds.

SOIL TESTING SERVICE

Now Available

Bring in a soil sample (a mixture from three or more places in your plot). Report what you wish to grow in the area. Allow one week for tests and recommendations. Charge per sample — \$1.00.

Norway Maple

SHADE TREES

CRIMSON KING MAPLES—tall growing maple, bright red leaves all summer — 6-8 ft. whips, \$3.75; 8-10 ft. B&B	\$10.00

Price 12 for 60c; 50 for \$2.00;
 100 for \$4.00

Postage Prepaid—Add 20%

SMALL GLAD BULBS—Mixed Colors Only—will bloom this year—one inch in diameter. Price: 50 for \$1.00; 100 for\$1.85

MINIATURE GLADIOLI:

Miniature glads have smaller florets on fairly long stems. They are especially good for displays in vases where the regular glads may be too heavy. 10 varieties available.

By Mail — Mixed Colors — Same price as standard glads.

BUTTERLY GLADIOLI:

A newer type of glads—medium growth—mostly bi-colors and usually with ruffled edges. 10 varieties available.

Price — dozen \$1.00; 100 for\$7.50

GREEN GLADS: Something new and different — 2 for 25c; 12 for\$1.25

FRUIT TREES

We can offer this year a nice variety of fruit trees grown for us by one of the largest nurseries in the country. We hope that you will compare sizes and prices with other concerns and that you will come and see our trees.

We advise that all fruit trees be planted as early as possible in the spring.

It is possible for us to ship by parcel post, up to 10 fruit trees, by pruning to meet postal regulations. The charge for wrapping and postage is 20% of cost of trees but not less than 50c for an order. Large orders will be shipped by Railway Express or will be held for you in our storage. No orders will be held after May 1, unless paid for in full.

If your total order for fruit trees is 10 or more, we offer a discount of 10c per tree from quoted prices for cash and carry orders.

PEACH TREES — 1 YEAR

Golden Jubilee — very early, yellow, mid-August
 Red Haven — excellent quality, mid-August
 Hale Haven — high quality yellow, good shipper, early September
 Belle of Georgia — large white, early September
 J. H. Hale — very large yellow, mid-September
 Elberta — standard canning peach, mid-September
 White Hale — mid-September

PRICES
 9/16 inch caliper
 4-5 feet tall
\$1.00 each
 Not Prepaid

DWARF FRUIT TREES

Dwarf fruit trees are a very popular item for gardeners with a limited space. These trees grow about 8-12 feet tall at maturity and will use a correspondingly small space. Dwarf pears bear two years from planting; dwarf apples from two to four years. Our dwarf trees will be two years old, and 9/16 inch in caliper.

DWARF APPLES—Varieties available: Macoun, Red Rome, McIntosh, Red Delicious, Cortland, Yellow Delicious, Baldwin. Price — each \$2.00
 DWARF PEARS — Varieties available: Clapp's Favorite, Bartlett, Seckel Price — each \$2.00
 DWARF CHERRY — North Star, Meteor. Price — each \$2.00
 DWARF PLUM — Stanley, blue. Price — each \$2.00
 DWARF PEACH — Golden Jubilee, Elberta, Red Haven. Price — each . . . \$2.00
 5-in-1 DWARF APPLE — Price \$3.00

HOW TO PLANT
 Prune branches at points indicated by black lines, do not clip ends, cut off broken roots.

APPLES — 2 YEARS — \$1.25 each

11/16 inch caliper — 5 to 6 feet tall

Lodi — early August
 Early McIntosh—mid-August
 Dolgo Crab—late August
 Red Astrachan—middle August
 Milton—late August
 Wealthy—early September
 Double Red McIntosh—mid-Sept.
 Cortland—late September
 Double Red Delicious—late Sept.

Macoun—late September
 R. I. Greening—early October
 Jonathan—early October
 Turley Winesap—early October
 Red Northern Spy—mid-October
 Yellow Delicious—mid-October
 Red Rome—mid-October
 Baldwin—mid-October
 Russet — \$1.50

PEAR TREES — 2 YEARS

11/16 inch caliper — 5 to 6 feet tall

Clapp's Favorite—early canning or eating pear—mid-August
 Bartlett—best canning pear—early September
 Seckel—small sugar pear—mid-September
 Bosc—late Russet Pear—late September
 Sheldon—very sweet—early October

\$1.50 each
 Not Prepaid

Kieffer—large yellow—mid-October
 Gorham—late — Bartlett type

CHERRY TREES — (mazzard roots)

9/16 inch caliper — 4 to 5 feet tall

\$1.50 each
 Not Prepaid

PLUM TREES — 2 YEARS

9/16 inch caliper — 4 to 5 feet tall

Santa Rosa—extra large, purple
 Abundance—round, red, yellow flesh—early August
 Burbank—large round, reddish, purple—early August
 Stanley Prune—large, dark blue, freestone—mid-September
 Reine Claude—round, green—mid-September
 Fellemborg—large, good canner —early October

\$1.50 each
 Not Prepaid

With the exception of the Montmorency sour cherry, the fruit varieties listed on this page usually yield better when the opportunity for cross-pollination is provided by the bloom of other varieties of the same kind of fruit.

OTHER FRUITS

5 IN 1 APPLE—9/16 inch caliper—5 to 6 ft. tall. The following five varieties are grafted on one tree: Baldwin, McIntosh, Red Delicious, Yellow Delicious and Jonathan — each \$2.50
 NECTARINES—two—Garden State and Surecrop—9/16 inch caliper each \$1.50
 APRICOT — Moorpark and Early Golden \$1.50
 HOWARD MIRACLE PLUM — extra large fruit \$2.00
 ORANGE QUINCE — 4-5 ft. \$2.00
 RUSSIAN MULBERRY — 2-3 ft. \$1.50

HOLDRIDGE FARM BRAND CHEMICALS

These chemicals are packed for us, to specific formulas which we have found to be most practical for this particular area.

RED RASPBERRY PLANTS

Raspberries are one of the treats available to home gardeners and will bear handsome crops if a little care is given them. Here is a crop ideal for the part-time farmer which is overlooked by many growers. Very easy to freeze.

We offer strong, well grown plants, free of disease. Start a bed now so that you can enjoy raspberries throughout the summer. Once planted, a raspberry bed is good from five to ten years, depending on the care given it.

LATHAM (Red) — The fine old standard mid-season berry which folks have liked so well. It bears well under most any condition and is good for commercial or home gardeners. Available in transplants only.

SEPTEMBER (Everbearing, Red) — This is one of the newer everbearing varieties of red raspberries which is reported to be very good. We have only transplants available. Bears in September the first year planted.

TRANSPLANTS

10 for \$1.50.

100 for \$12.50.

Not sold in lots of less than 10 of one variety.

PURPLE AND BLACK RASPBERRIES

SODUS (Purple) — This is the leading purple raspberry. The berries are medium purple in color and good in quality. The plants are very productive and vigorous. Transplants.

CUMBERLAND (Black) — This variety yields well under most any condition. It has a glossy black berry of excellent quality and bears in mid-summer. Black raspberries are gaining in popularity. They can be raised at less cost than the red berries and stand on the vines a long time without becoming soft. Transplants only. Prices — Same as Red Raspberries.

BOYSENBERRIES 5 for \$1.00

BLACKBERRIES

Blackberries grow best on fertile loam. The rows should be six feet apart with each plant approximately two feet apart in the row.

ALFRED — This is the sweetest of all blackberries. The berries are very large, and bear in large clusters. The plants are very sturdy. Transplants.

Prices: 10 for \$1.50 — 100 for \$12.50.

GRAPE VINES

These are all No. 1 Grape Vines and should give you excellent results.

CONCORD (Blue) — The Standard blue grape.

PORTLAND (White) — Early, large and of good flavor.

CACO (Red) — Early, fine flavor with large bunches.

FREDONIA (Black) — Very early, excellent quality.

VAN BUREN (Black) — Best new grape. Very sweet. 1 year. No. 1.

Price: 40c each; 3 for \$1.00; 10 or more at 30 each; 100 or more, 25c each

INTERLAKEN — New Seedless Variety — each \$1.50

CURRENT BUSHES — Red Lake — each 50c

GOOSEBERRY PLANTS — Downing — each 75c

(No mail orders accepted for Currants or Gooseberries)

BLUEBERRIES — SPRING AND FALL

Cultivated Blueberries are hardy shrubs of rare beauty; they are doubly valuable because they are fruitful and ornamental throughout the entire year.

Every home gardener, no matter how small, has room for at least a few of these blueberry plants. It takes only a few plants to produce all the berries that an ordinary size family will need. As a commercial proposition it is one of the most profitable fruits to grow. There is a big market for these delicious blueberries. They make good money in a very short time. You can begin picking the second or third year after planting. Plants last a very long time.

Cultivated blueberries grow in large clusters, plump, tender, and practically seedless. They will grow anywhere that strawberries will, doing their best on a moist, acid soil which is kept mulched all summer. For pollination, plant at least two varieties.

Our very low prices on large bearing plants will give you berries years before smaller plants. We advise buying blueberry plants on a size basis.

We recommend that you plant at least two varieties. Our plants are ready during the season so you may call and pick the plants up immediately.

VARIETIES AVAILABLE —

EARLIBLUE — One of the newer and better varieties of cultivated blueberries. Early and productive.

BLUERAY — Another new and very productive variety — good for either commercial or home gardeners. Large blue, sweet berries.

JERSEY — Large, light blueberries. The bush grows erect and is very productive.

COVILLE — A new late variety. Berries are firm, crisp, juicy; of excellent quality and flavor. Ripens to a beautiful blue color and last well on the bush.

DIXI — Extra large mid-season variety. Good yields reported.

BLUEBERRY PLANT PRICES — 18 to 24-inch size 80c each; 10 or more 75c each; 50 or more, each 70c

BLUEBERRY PLANTS IN POTS—for summer and fall planting — each \$1.50

ASPARAGUS PLANTS

Home-grown asparagus is one of the easiest to grow and yet one of the most delicious treats available to the small gardener. Cut fresh in your own garden, it is unexcelled in flavor and quality. Start now to have a bed of your own.

Our plants, if heavily fertilized in your garden, will produce some asparagus for you the next spring. The second spring, you can cut it for about one month and after that, if you continue heavy fertilization, you can cut it up to the 1st of July each year. A bed, once started, will last as long as you take care of it.

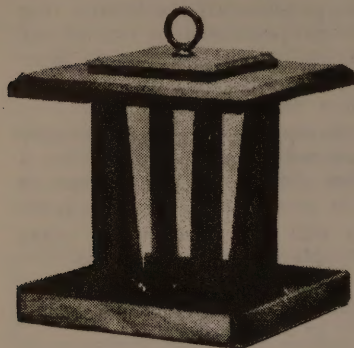

Variety — Mary Washington

Heavy No. 1 Grade—25 for 75c; 50 for \$1.50; 100 for \$3.00; 500 for \$12.50; 1,000 for \$22.00. Packing and postage, add 20%.

Plants Shipped.....

Date.....

Sold to

My telephone number.....

In case we are sold out—shall we substitute similar product, or refund money?
If no answer is given—we will substitute if necessary.

OUR GUARANTEE

We will replace at one-half price any shrub or evergreen which dies if the plant or tree is returned to us within 6 months of date of purchase.

We reserve the right to replace a shrub or tree with a different variety, if we are out of stock of the variety to be replaced. We will replace only with shrubs or trees of similar size and value.

No replacements of any kind unless the order was paid for in full.

Under no condition shall the obligation of the Holdridge Farm Nursery be greater than 50% of the original price of a shrub or tree.

There is no guarantee on annual flowers, labor charges, ground cover plantings or on roses.

SHIPPING

Please call for your order whenever possible. When orders must be shipped, please add 20% for packaging and postage.

Please give instructions in your order how we should ship. If no instructions are given, we will ship as is best in our judgment.

We will ship as near as possible to the date which you ask but can not guarantee shipment on exact dates requested because of weather and other conditions beyond our control.

If no date is given, we will use our judgment as to the best time to ship your particular order to the area in which you live.

FOR QUICK SERVICE

Our shipping season for nursery stock is short and we are always rushed at that time. To help us serve you better, we are asking your cooperation by doing the following—

1. Send full payment with order if possible.
2. Allow us to substitute varieties when necessary.
3. Call at the nursery to pick up your order and get your stock fresh. Make arrangements for us to have your order ready.

We invite you to call at our Garden Center..

Telephone — Ledyard Division: 464-7020.

SEED

A tremendous variety of flowers and vegetables in color packs are available here. Varieties normally available only in the South are carried in stock.

Larger packs of vegetable seeds are available.

FLOWER AND VEGETABLE PLANTS

We believe we sell the largest variety of annual flower and vegetable plants available locally. Hardy varieties are available in April; semi-hardy varieties about May 1, and tender types about May 5 to 10.

Many new varieties of flowers will be available this year as well as the old standards.

STRAWBERRY PLANTS

Strawberry Plants have been a specialty of the Holdridge Farm for many years. We have growing now on our own farm 15 acres of strawberries. We are not only producers of strawberry plants but we also sell many thousands of quarts of berries yearly. We know that our plants, given proper care, will produce nice crops of berries for you.

Remember the benefits of our quality plants will be yours if you buy Connecticut grown plants from us.

Our plant stocks are:

1. All of virus free strains whenever that stock is available.
2. Absolutely free of red stele.
3. Treated for nematods. We do not feel this is a serious problem in Connecticut if locally grown plants are used.
4. Well fertilized throughout the year.
5. Available in the better varieties for New England.

Recommendations for Planting Strawberries

1. Plant very early in spring—March 20 to May 1 — if possible. Never later than May 30.
2. Plant standard varieties. Our choice as follows: Catskill, Sparkle. Try other varieties in small quantities at first.
4. Keep blossoms picked off of June bearing varieties the first season.
5. Keep as free of weeds as possible.
6. Fertilize very heavily the season the plant bed is growing. Do not fertilize just before fruiting.

EVERBEARING STRAWBERRIES

Everbearing varieties of strawberries bear both in late spring and in fall but normally bear far less berries than the regular varieties. If planted in the spring, we recommend mulch in August around each plant to keep berries clean. We suggest that you plant not more than one third of your planting to everbearers.

PICK YOUR OWN STRAWBERRIES

During the strawberry fruiting season our fields are open at 8 A.M. daily to anyone who wishes to pick berries for themselves. Last year we opened the fields to the public on June 17; the best picking was about a week later. Our price is 25 cents a quart basket. Our fields are closed to the public after a sufficient number of pickers have arrived at the field to harvest the day's crop. The fields are not open in the afternoons or evenings.

BASKETS

We purchase strawberry and other type baskets by the car or trailer load. Because of market conditions, these prices are subject to change without notice. The following prices are in effect as this goes to press:

Quart Baskets	per 100, \$2.50; per 1,000	\$22.00
At farm or by express not prepaid — 500 at 1,000 rate.		
Pint Baskets — both oblong and square	per 100, \$2.00 per 1,000	\$20.00
2-Quart Pansy Tills — packed 250 to carton, per 100, \$5.00; per 1,000		\$44.00
4-Quart Tills per 100		\$ 7.00
4-Quart Peach Baskets	} Prices Available July 1	
8-Quart Peach Baskets		
16-Quart Veneer Tub Baskets		

STRAWBERRY VARIETY DESCRIPTION

OUR FAVORITES—We recommend them highly.

CATSKILL — Midseason to late — a beautiful berry, very productive with large glossy fruit. Good plantmaker — quality of berry is excellent.

SPARKLE — Late. A darker berry than Catskill, best for freezing, fairly large berry. A little sweeter than Catskill — production excellent but not quite as good as Catskill.

HOWARD NO. 17 (Premier)— This is the old reliable very early variety. It is a dependable, heavy yielder and has pointed, fairly light colored berries.

ROBINSON (Mid-season)— This variety has small plants but will give tremendous yields of large berries under proper conditions. Good commercial berry where plants are kept thinned and ground is very rich and moist.

EMPIRE (Early Mid-season)—A new variety coming into popularity. It is slightly later than Howard but has very large "plum-sized" berries.

VERMILLION — Has very glossy fruit — very attractive berries — good plantmaker.

ARMORE — An extra good late variety — very productive—good freezing berry.

EARLIDAWN — Last year this variety ripened 5 days before Howard with us. A round berry not to sweet.

FAIRFAX — A good home berry. The sweetest of all varieties with real dark berries. Fairly good yields.

RED GLOW (Early Mid-season) — A vivid red glossy berry—reported as an excellent yielder.

STELMASTER — An early berry with extra large size.

POCAHONTAS — This variety shows great promise. Extra large plants. Berries are large, light, firm and tart.

JERSEYBELLE — A newer variety with large berries, very fancy fruit. A good commercial berry.

TENNESSEE BEAUTY — Excellent berry for store trade, productive and holds color well.

PRICE OF STRAWBERRY PLANTS LISTED ABOVE

25 for 75c — 50 for \$1.50 — 100 for \$3.00 — 500 to 700 @ \$2.50 per 100 — 1,000 for \$20.00.

For Prepaid Orders by Mail — Add 20% for Packing and Postage

SUPERFECTION — Everbearer — This is one of the standard varieties of ever-bearers and will give you a nice crop of good sized berries.

Price: 25 for \$1.00; per 100\$4.00

OGALLALA — A new hybrid hardy variety of ever-bearers — which produces large sweet berries.

Price 25 for \$1.50; per 100\$6.00

TWENTIETH CENTURY: — Another New Ever-bearer with very large, sweet and attractive fruit. Try a few in your garden.

Price 25 for \$1.50; per 100\$6.00
